Brunsell Farm Turkeys - A word from the Family

Brunsell Farm is a 7th generation family farm, nestled in the heart of the beautiful Blackmore Vale, Sturminster.

Attention to detail is vital and at every step, the family is there, hands on to make sure the birds enjoy the perfect conditions that produce the perfect turkey.

Our turkeys arrive to the farm as day old chicks from Kelly's Hatcheries in Essex, from the moment they hatch they are nurtured and cared for to the highest ethical and welfare standards which is vital to produce the quality we pride ourselves in.

We produce traditional farm fresh turkeys. They are dry hand plucked birds and while this is very time consuming, it enables us to "hang" them to allow the flavour to develop. This is one of the major factors that sets them apart from mass produced birds.
